

Tuesday 9 March 2021

Dear Parents/Guardians

Good morning. Since the TEMIS 14 day quarantine was announced on Sunday the following has occurred:

- We have a 4th student test positive (this is the 3rd in the **3/4R** class, 2 boys and 1 girl)
- One of our teachers, Mr Tony Healy (**5/6H**), has also tested positive today
 - His teacher colleagues and ancillary staff are being tested today as a precaution.

Due to the importance of ensuring we communication with all families we are using a number of email groups, eg: school data base, class teacher lists, etc. As a result, some of you may receive multiple copies. Please ignore extra copies but we are trying to ensure we get to all families with timely information.

As previously mentioned, if you have not received any emails to date or know of someone who hasn't please ensure the contact details are sent to us as a matter of urgency, and in the meantime please keep an eye on the website.

**** Keep checking our School Website for any further updates ****

A sincere thank you to the many parents who have emailed us with complimentary comments on ensuring our students are safe as we navigate these complicated times.

Regards

Neal

Neal Maxwell
TEMIS Principal.
