

Wednesday 17 March, 2021.

Dear Parents, Guardians

As we head towards the end of our 14 day quarantine period, the Board, Senior Leadership Team, IEA CEO and myself have had conversations about where to go next. The key reasons for these discussions include:

- the rising number of positive cases connected to our School community,
- the increase in cases in POM and PNG,
- a number of companies quarantining their own staff (which includes some of our teachers and students)
- and, general community concerns.

Therefore, with the support of the IEA CEO, we have made the decision to carry on with our DLP program for the next 2 weeks, which leads into the Easter holidays. Hopefully after this period the Covid-19 issues in POM will have settled, so we can return to face-to-face teaching in Term 2.

As has occurred over the past few weeks I will continue to send updates to our TEMIS community as needed.

Regards

*Neal*

Neal Maxwell

TEMIS Principal.
